

Illegal Climate Engineering Operations Are Further Fueling Record Wildfires

UPCOMING CLIMATE ENGINEERING AWARENESS EVENT IN NORTHERN CALIFORNIA

Free Public Event, Saturday, October 20th, 2018, Holiday Inn, Redding, California

A major Northern California climate engineering free public awareness and call to action event that had been scheduled for July 28th, 2018, was canceled due to the eruption of catastrophic wildfires in the US west. Record wildfires and their relationship to climate engineering / geoengineering was a primary subject the July 28th event intended to address. The two venues that were originally slated for this event (first the Shasta County Fairgrounds and then the Holiday Inn, Redding) were both given up to facilitate fire fighting crews and efforts. This event has now been rescheduled and will occur on Saturday evening, October 20th, in the Holiday Inn ballroom, Redding, California.

Hacking The Planet: The Catastrophic Consequences Of Climate Engineering

- What is climate engineering / geoengineering / solar radiation management?
- How is climate engineering further fueling record wildfires?
- Why are climate engineering operations being carried out?
- Who is behind these operations? Which countries and governments are involved?
- What are the overall consequences of the ongoing climate engineering operations ?
- What are the geopolitical / conflict ramifications as a direct result of climate engineering?
- How can we expose and stop these lethal programs?

SCHEDULE FOR THE EVENT:

- Event doors will open at 5pm on Saturday, October 20th.
- From 6 p.m. to 7:15 p.m, Dane Wigington, lead researcher for GeoengineeringWatch.org will conduct a PowerPoint presentation, titled "Hacking The Planet: The Catastrophic Consequences Of Climate Engineering". This presentation will provide up-to-the-minute front-line data to highlight the dire impacts of the ongoing climate engineering operations, the threat climate engineering / geoengineering poses to the planet, to us, and to the entire web of life.
- From 7:30 p.m. to 9:00 p.m, there will be an extensive Q and A and call to action session. Specific plans for pending public action will be discussed in detail. The ongoing legal efforts to expose and stop geoengineering will be covered along with specific instructions on how each of us can help to stop the climate engineering destruction.
- From 9:00pm to 10:00 p.m. the ballroom will remain open to answer any additional questions and for those in attendance to connect.

Dane is the lead researcher and administrator for GeoengineeringWatch.org, the largest and most visited climate engineering website / data archive in the world (over 31,000,000 visitors and counting). Covert global climate engineering programs are wreaking havoc with Earth's life support systems and human health (due to the highly toxic fallout from climate engineering).

Again, this critically important climate engineering awareness event is free to the public as are the climate engineering awareness and educational materials available at the event. These materials include a re-usable GeoengineeringWatch.org canvas tote bag, commercial DVDs (with multiple presentations / menu options), color glossy 20 page booklets, 2 sided color glossy flyers, and more. For additional information on this upcoming event, please check the home page of GeoengineeringWatch.org

ILLEGAL CLIMATE ENGINEERING OPERATIONS ARE BEING CARRIED OUT WITHOUT PUBLIC KNOWLEDGE OR CONSENT

Precipitation tests from around the world confirm alarming levels of aluminum, barium, strontium, (and other heavy metals named in climate engineering patents) are saturating our breathable air column. Human blood, urine, and hair tests confirm the extreme buildup of these highly toxic heavy metals in populations.

Government officials and Geoengineers have long since proposed spraying 10-20 MILLION TONS of highly toxic heavy metal and chemical aerosols into the atmosphere annually as a form of climate change mitigation. Though the blatantly obvious ongoing sun blocking "solar radiation management" programs are officially denied, all available data confirms full deployment of global geoengineering occurred decades ago with increasingly catastrophic consequences.

Color spectrums captured behind particulate dispersing aircraft makes clear the fact that we are not seeing "condensation trails".

All military tanker jets and all commercial jets use "high bypass turbofan jet engines", a jet powered fan that is nearly incapable of producing any condensation trails except under rare and extreme circumstances.

Military tanker jets are not the only aircraft involved with climate engineering operations. Countless commercial jet aircraft have now been retrofitted with spray nozzles aimed into the exhaust stream (though commercial carrier personnel do not appear to be directly involved with the geoengineering operations).

If you think there are only passengers in all commercial jet aircraft, think again. Commercial carrier personnel are not directly involved.

What are the known consequences of ongoing climate engineering operations?

GEOENGINEERING IS:

- **Further fueling the overall warming of our planet:**

SRM aerosol cloud canopies trap more heat than is deflected by SRM programs.

- **Contributing to extreme drought, flooding, and storms:**

Global geoengineering has completely disrupted the planetary hydrological cycle and thus weather systems all around the world.

- **Creating engineered cool-down zones and snow storms:**

Patented processes of "chemical ice nucleation for weather modification" are creating severe weather whiplash scenarios.

- **Destroying the Earth's vital ozone layer:**

Geoengineering particulates and associated microwave transmission atmospheric manipulation are decimating the ozone layer. This is allowing extremely dangerous levels of UVB and UVC radiation to reach Earth's surface.

- **Accelerating Forest devastation, die-off, and forest fire increases:**

Completely disrupted rain cycles, extreme UV radiation, toxic heavy metal fallout saturation of soils, more dry lightning, and incendiary dusts (from fallout) coating foliage, all are the result of geoengineering.

- **Alarming honeybee die-off:**

Peer reviewed science studies have now proven that massive aluminum contamination is killing bees. Again, the primary climate engineering element named in patents is aluminum.

- **Radically accelerating human degenerative and neurological diseases:**

Alzheimer's, dementia, autism, ALS, COPD, asthma, allergies, bronchitis, lung cancer, heart attack (and countless other forms of disease) are directly associated with toxic atmospheric particulate pollution, exactly what climate engineering / solar radiation management programs create.

- **Contributing to unprecedented species die-offs:**

We are now in the 6th great mass extinction on our planet with up to 300 species of plant, animal, and insect extinctions every single day. This is 15,000 times the background extinction rates.

HISTORICAL DOCUMENTS AND DATA PROVES THAT GLOBAL CLIMATE ENGINEERING PROGRAMS WERE FULLY DEPLOYED IMMEDIATELY AFTER WWII AND HAVE BEEN STEADILY RAMPED UP SINCE. NOT A SINGLE ENVIRONMENTAL OR HUMAN HEALTH IMPACT STUDY HAS EVER BEEN DONE TO DOCUMENT THE DEVASTATION BEING INFLICTED ON THE ENTIRE WEB OF LIFE FROM THE ONGOING ILLEGAL GEOENGINEERING ASSAULT.

Populations (and all life forms) around the world have been completely betrayed by the governments, agencies, and experts they have been trained to believe existed to protect them. The corporate media is also a primary accomplice in the ongoing climate engineering cover-up. Any and all entities / individuals that are in any way associated with the illegal geoengineering operations must be fully exposed. Once exposed, all such entities / individuals must be held legally and morally accountable for their part in the climate engineering atrocities.

Massive plumes of climate engineering particulates are being dispersed by jet aircraft all over the globe, this is not condensation.

Countless official documents exist which confirm the ongoing global climate engineering / weather warfare assault. The congressional document shown is only one example.

Investigate inarguable climate engineering facts and film footage at

GeoEngineeringWatch.org

Please, help us to expose and halt the ongoing climate engineering insanity.
